Background: I was born in Canada. I have lived, gone to school, and played competitive sports in Canada, Australia, and the USA. I am the child of two Nigerian immigrants. My primary focus now is a career in Computer Science specifically in Software Engineering and/or Game Design. I have a relentless hunger to learn and succeed. My ability to communicate with people from various backgrounds comes from my experience of living, schooling, and playing sports with people from different cultural environments. The impact I bring to the workplace and groups of people is instant due to my drive to win.

EDUCATION

Concordia University	BSc. undergrad in Computer Science {Overall GPA: 4.0}{Dean's List}	<i>Aug 21 - May 24</i>
Texas Tech University	BSc. undergrad in Civil Engineering, Major {Overall GPA: 3.8}	<i>Aug 20 - May 21</i>

PROJECTS

Hero Knight (Independent 2D game project Unity)

- A game about going through the levels of a dungeon solving riddles and fighting creatures to stimulate the brain and its desire for adventure.
- Helping me grasp the basics of Unity with the utilization of Unity's 2D asset store.
- Using and understanding C# script for animation and backend engineering purposes.
- Game Demo Link: <https://www.linkedin.com/feed/update/urn:li:activity:6964208405129433088/>

My First Website

- Used HTML and CSS to develop a website/portfolio about my life, my pursuing profession, and my interests as well.
- This was a project I used to attempt to display my personable personality. Me having lived in multiple places, I have developed a personality that is akin to many different atmospheres in the workspace
- Using CSS and HTML allowed me to further grasp the concepts of how to properly and effectively structure my code.

WORK EXPERIENCE

Shift Lead, Pizza Press, Austin, TX

January 2022 - Present

- Promoted to shift lead within first 6 months of working.
- Oversaw daily inventory across 4 different departments to keep an organized and updated store.
- Exceeded expectations during the busiest time of the year by adjusting quickly to the new workplace.

LEADERSHIP EXPERIENCE & EXTRACURRICULARS

Goalkeeper, Division III Collegiate Soccer, Austin, TX

August 2021 - December 2021

- I chose to transfer from Texas Tech University to Concordia University, Texas so that I could play competitive soccer as a Goalkeeper and focus on a future career in Computer Science.
- I constantly stepped up in my role on the soccer team, each time I had the privilege to practice and play. Specifically, I stepped up against all the evident pressure in the 2021 American Southwest Conference Final Game and saved a penalty shot that helped clinch the first ASC Championship for Concordia University, Texas' Men's Soccer Program.

Captain and Mentor, Various Soccer Clubs, Texas

August 2016 - May 2020

- Trained children in sporting basics and the fundamentals of the game of soccer.
- Engaged with the younger generation to prepare them for the next stages of life including high school, picking a college major and picking a college.

HONORS

Admissions Men's Student Athlete of the Week - Concordia University Texas

December 2021

For outstanding representation as a CTX student athlete.
